

CPC30911  
Certificate III in  
Scaffolding

# SET UP A SOLID CAREER FRAMEWORK

NATIONALLY RECOGNISED  
TRAINING

## OVERVIEW

The CPC30911 Certificate III in Scaffolding provides a trade outcome in scaffolding operations in the residential and commercial construction industry.

The qualification has core unit of competency requirements that cover common skills for the construction industry, as well as a specialist field of work.

The construction industry strongly affirms that training and assessment leading to recognition of skills must be undertaken in a real or very closely simulated workplace environment and this qualification requires all units of competency to be delivered in this context.

Completion of the general induction training program specified by the National Code of Practice for Induction Training for Construction Work (ASCC 2007) is required before entering a construction work site. Achievement of unit CPCCOHS1001A covers this requirement.
